The Best of BIM Competition Submission Guide

TO START:

You must first enter this link prior to commencing the project. The link provides access to the site you'll be working on, along with an unfinished Structural Grid. Specific instructions can be found in the worksheet labeled 'Best of BIM - Instructions.' Choose between the New Zealand or Australian Archicad templates to build your project.

Phase 01 - Design Proposal
Due 23.09.2024

A comprehensive design proposal outlining the concept, rationale and key features of the project presented in layouts:

- Site analysis and context
- Conceptual diagrams
- Introduction to your chosen Artist/Architect and how it resonates with your Design concept and approach
- 3D Model produced in Archicad showcasing overall layout, massing and spatial organization, presented in 3D views.

Format

Design Proposal and 3D Model to be submitted in a BIMx file, the first one being on A1 Layouts (maximum 2 sheets)

File Name

ANZ_P1_Registration Number, example: if your Registration number is 2024001: ANZ_P1_2024001

*Your names should not be included in any of your submitted files.

Phase 02 - Detailed Design and Documentation
Due 25.10.2024

10 participants will be announced on 07.10.2024 to move forward to Phase 02.
In this phase, participants will be asked to present:

- Revised Design Proposal with further development of the design concept and detailing. This should include:
    - Floor Plans, at least one Elevation and one Section
    - At least one 3D Render, we encourage participants to explore artistic interpretations in their renders
    - Project documentation: a brief description of the design process, methodology, decision-making behind the project and how the Ci Tools were applied.

Format

- Design Proposal and Project Documentation to be submitted in a BIMx File, containing 3D view(s) and Layout Sheets with the drawings/diagrams/renders A1 (maximum 3 sheets).
- Archicad Archive File: present the .pla of the project containing the complete BIM model of the design

File Name

ANZ_P2_Registration Number, example: if your Registration number is 2024001: ANZ_P2_2024001

*Your names should not be included in any of your submitted files.

Phase 03 - Announcement of Winners
11.11.24

Winners will be announced on 11.11.2024.

Additional Information

Participants are encouraged to explore and experiment with Archicad's and Ci Tools' features and functionalities to create innovative and visually compelling designs.

Plagiarism or unauthorized use of copyrighted materials will result in disqualification.

By participating in the competition, participants grant permission for their work to be showcased on our website, social media, and promotional materials.
